## PART 1440—ESSENTIAL OILS

## OIL OF PEPPERMINT

War Food Order No. 81, as amended (8 F.R. 12525, 9 F.R. 152, 4321, 4319), is further amended by deleting therefrom the provisions of § 1440.1 (d) (2) and inserting, in lieu thereof, the following:

(2) During the period from June 30, 1944, to September 30, 1944, inclusive, any person may, in addition to the quantity which such person may acquire under his quota for the current year ending September 30, 1944 make advance acquirements of oil of peppermint only in a total amount not in excess of 50 percent of his quota of oil of peppermint hereunder for the year beginning on October 1, 1944; but any such advance acquirement of oil of peppermint is not to be considered as increasing a person's quota for the current year or for the year beginning on October 1, 1944, and any such advance acquirement of oil

of peppermint shall be subject, in all respects, to the restrictions of this order. Except as authorized in the preceding sentence, the total acquirements of oil of peppermint by any person (either personally, or through an agent, or bailee) during any year, as defined in (a) (9) hereof, shall not, when added to the amount of oil of peppermint which he had on hand (either personally, or through an agent, or bailee) unused at the beginning of that year, except as provided in (e) hereof, exceed his quota of oil of peppermint for such year. Any person may, however, carry on hand at any one time, in addition to the amount authorized hereinabove in this paragraph, a stock of oil of peppermint sufficient to meet his requirements for the next succeeding 90 days in manufacturing products for delivery to or for the account of the agencies or persons listed or referred to in (f) hereof: *Provided*, That the Director may, if he shall deem it desirable to do so at any time, specify the amount of oil of peppermint which

any such person may carry on hand for such non-quota use, in which event the amount so specified by the Director shall be the maximum amount which may be carried on hand for that purpose.

This order shall become effective at 12:01 a. m., e. w. t., June 30, 1944. With respect to violations of said War Food Order No. 81, as amended, rights accrued, liabilities incurred, or appeals taken under said order, as amended, prior to the effective time of the provisions hereof, all provisions of War Food Order No. 81, as amended, in effect prior to the effective time hereof shall be deemed to continue in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

War Food Administration,  
Summary to WFO 81 Amendment 2.

Inventory limitations placed by the War Food Administration on industrial users of oil of peppermint will be changed by the amendment of WFO 81 (formerly FDO 81, amendment 1). The amendment will become effective June 30, 1944.

The order issued January 1, 1944, and effective retroactively to November 1, 1943, contained, among other provisions,

an inventory limitation clause prohibiting any user of oil of peppermint from acquiring a quantity of such material which, together with his stock on hand, would provide an inventory of oil of peppermint in excess of the unused balance of his annual quota for the 12-month period ending September 30, 1944. The order thereby restrained users from acquiring any portion of their 1944-45 quota before October 1, 1944.

As amended, the order will permit those persons who would normally purchase or contract for supplies of oil of peppermint at this time of the year, to acquire 50 percent of their annual quotas of this material in advance of the beginning date of the allocation year 1944-45 as defined in WFO 81. This will enable producers of oil of peppermint to secure a better market for their crops soon to be harvested.

## OIL OF PEPPERMINT

War Food Order No. 81, as amended (8 F.R. 12525; 9 F.R. 152, 4321, 4319, 7297, 9584), is further amended as follows:

By deleting the table in § 1440.1 (b) (1) and inserting, in lieu thereof, the following table:

Class of use:	Permitted percentages of 1941 use
Manufacture of chewing gum-----	80
Manufacture of confectionery-----	80
Manufacture of pharmaceutical preparations-----	110
Manufacture of dentifrices-----	85
Manufacture of miscellaneous articles--	80

This amendment shall become effective at 12:01 a. m., e. w. t., October 1,

1944. With respect to violations, rights accrued, liabilities incurred, or appeals taken under said War Food Order No. 81, as amended, prior to the effective time of the provisions hereof, the provisions of the said War Food Order No. 81, as amended, in effect prior to the effective time hereof shall be deemed to continue in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with regard to any such violation, right, liability, or appeal.

Issued this 27th day of September 1944.

ASHLEY SELLERS,

Assistant War Food Administrator.

War Food Administration,  
Summary to WFO-81 Amendment 4.

The War Food Administration announced today an increase in oil of peppermint quotas for nearly all industrial users of this product. Increased production has made larger quotas possible.

Effective October 1, 1944, the quotas

are increased as follows: Manufacture of chewing gum from 70 to 80 percent; manufacture of confectionery from 70 to 80 percent; manufacture of pharmaceutical preparations from 100 to 110 percent; manufacture of dentifrices from 75 to 85 percent; and manufacture of miscellaneous articles from 70 to 80 percent. (The quota base period is the year

1941, but allocations are on a calendar quarter basis).

All industrial users affected by WFO 81 may use the increased quotas without further application to WFA. Menthol manufacturers must still obtain allocations of the oil upon application to the Director of Distribution, War Food Administration.

(2) During the period from July 24, 1945, to September 30, 1945, both inclusive, any person may, in addition to the quantity which such person may acquire under his quota for the current year ending September 30, 1945, make advance acquirements of oil of peppermint only in a total aggregate amount not in excess of 75 percent of his quota of oil of peppermint hereunder for the year beginning on October 1, 1945; but any such advance acquirement of oil of peppermint is not to be considered as increasing a person's quota of that product for the current year or for the year beginning on October 1, 1945, and any such ad-

vance acquirement of oil of peppermint shall be subject, in all respects, to the restrictions of this order. Except as authorized in the preceding sentence, the total acquirements of oil of peppermint by any person (either personally, or through an agent, or bailee) during any year, as defined in (a) (9) hereof, shall not, when added to the amount of oil of peppermint which he had on hand (either personally, or through an agent, or bailee), unused at the beginning of that year, except as provided in (e) hereof, exceed his quota of oil of peppermint for such year. PEPPERMINT OIL INVENTORY LIMITATIONS EASED

(For Trade and Summary)

Washington, July 23, 1945

Industrial Users of Oil of Peppermint will be permitted to acquire 75 percent of their 1945-46 quotas between July 24, 1945 and September 30, 1945, as a result of action taken in Amendment No. 6 to WFO 81, issued today by the U. S. Department of Agriculture.

The current order contains, among other provisions, an inventory limitation

clause prohibiting any user from acquiring a quantity which, together with his stock on hand at the beginning of a year, would provide an inventory of oil of peppermint in excess of his annual quota for any 12-month period ending September 30. The order thereby restrained users from acquiring any portion of their 1945-46 quota before October 1, 1945. Last year an amendment, similar to the one just issued, allowed

manufacturers to acquire 50 percent of the 1944-45 quotas before October 1, 1944.

While the new amendment provides a better market for oil of peppermint producers and industrial users, it does not act to increase quotas of these users. Quotas remain unchanged at 80 percent for manufacture of chewing gum, confectionery and miscellaneous items; 85 percent for manufacture of dentifrices and 110 percent for pharmaceutical preparations, all based on 1941 usage.

## PART 1440—ESSENTIAL OILS DELEGATION OF AUTHORITY

War Food Order No. 81-1 (9 F.R. 937, 4321, 4319) is amended as follows:

By deleting § 1440.2 (b) (2) and inserting, in lieu thereof, the following:

(2) The Order Administrator may prescribe use quotas, in accordance with the provisions of § 1440.1 (b) (2) of the order, if each such quota is approved by the War Production Board: *Provided*, That the aggregate amount of oil of

peppermint thus allocated by the Order Administrator, in accordance with § 1440.1 (b) (2) of the order, shall not exceed 400,000 pounds of oil of peppermint (including that obtained from foreign, as well as from domestic, sources) per year.

This amendment shall become effective at 12:01 a. m., e. w. t., October 1, 1944. With respect to violations, rights accrued, liabilities incurred, or appeals taken under said War Food Order No. 81-1 prior to the effective time of the provisions hereof, the provisions of the said War Food Order No. 81-1 in effect

prior to the effective time hereof shall be deemed to continue in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with regard to any such violation, right, liability or appeal.

U. S. Department of Agriculture,  
Summary to WFO-81 as amended, Termination.

War Food Order 81, which controls the distribution of Oil of Peppermint, has been terminated, effective August 22,

1945, the U. S. Department of Agriculture announces.

Increased production and a decrease in military and other requirements have made the termination possible.

WFO 81, effective September 13, 1943,

was issued to insure equitable distribution of a short supply of Oil of Peppermint for civilian and military claimants. Subsequent amendments were made as increased supplies made it possible to relax restrictions.
